POLICY FOR GREEN CAMPUS

Nagindas Khandwala College believes in creating an eco-friendly and sustainable environment on the campus. Sustainable and eco-friendly practices are encouraged amongst faculties and students and environmentally friendly practices are followed by all the stakeholders.

Objectives:

The objectives of the policy are:

- To replace all conventional lights with LED lights
- To educate all students, faculties on energy saving and water saving through lectures and activities.
- To encourage students to be a part of the tree plantation drives activities.
- To ensure ban on use of plastic on campus.
- To ensure no smoking on campus.
- To encourage use of e-mails and online documentation and avoid wastage of paper.
- To ensure proper E Waste management.
- To increase the use of solar energy.
- To manage solid and liquid waste efficiently.
