About College:

Nagindas Khandwala College was established in July 1983 by the visionary and dedicated Malad Kandivli Education Society. The Society envisioned providing quality education and a world-class infrastructure for the students. The Society is committed to providing excellent education and shaping young minds to become responsible citizens of India. The College was conferred Autonomous Status by UGC from Academic Year 2016-17. The College is fourth under Arts, Science and Commerce Colleges to be autonomous under the University of Mumbai. The College offers twenty one (21) Under-Graduate Programmes, fifteen (15) Post Graduate Programmes and has three (3) Research Centres. The College has Ph.D. Centres in Banking and Finance, Business Management and Geography.

Nagindas Khandwala College has designed curriculum keeping the requirement of industry in mind. The College has a Memorandum of Understanding with two Universities in Canada, creating opportunity for the students to pursue their studies abroad. The College has an environment which encourages critical thinking, analytical reasoning and collaborative activities amongst students. The College conducts a wide variety of co-curricular and extra-curricular activities providing students an opportunity to display their talent and sharpen their organizing skills. The College believes in providing an inclusive atmosphere and encourages appreciation of all the cultures. Nagindas Khandwala College truly believes in providing holistic education and caters to the interest of all the stakeholders.

The Internal Quality Assurance Cell (IQAC):

Internal Quality Assurance Cell established in year 2002-03 is considered as a mechanism to build and ensure a quality culture at the institutional level. IQAC develops and monitors the application of quality benchmarks/parameters for the various academic and administrative activities of the College. The IQAC is meant for planning, guiding and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the colleges. The IQAC channelizes and systematizes the efforts and measures of an institution towards academic excellence. It also works towards improving and maintaining the quality of education, identifying and suggesting new ways of using teaching aids, developing suitable infrastructure and offering suggestions for the new programmes.

IQAC ensures that all the activities are managed in an efficient and effective manner with internal coordination. IQAC conducts regular seminars, workshops and training programmes for the development of faculties. Further, it also measures the effectiveness of the training programme conducted. The IQAC thus becomes a driving force for ushering in quality by working out intervention strategies to remove deficiencies and enhance quality.

THE WRC ICSSR:

The Indian Council of Social Science Research, an autonomous organisation, was established by the Government of India in 1969, and, ever since, its role and functions have constantly been growing. The Council functions through a system of programme divisions at its headquarters in New Delhi and a network of six Regional Centres at Mumbai, Kolkata, Chandigarh, Hyderabad, New Delhi and Shillong. The Council has set up, in collaboration with respective state governments, six Regional Centres as part of its programme of decentralizing administration and broad-basing social science research. The Western Regional Centre was established with the approval of the Government of Maharashtra in January 1973 in collaboration with the University of Mumbai on the new campus of the University at Vidyanagari.

It consists of three buildings a wing of the Jawaharlal Nehru Library (1976), the ICSSR Hostel building (1976) and the JP Naik Bhavan (1983). The ICSSR Conference Hall is located on the ground floor of the JP Naik Bhavan. The major objectives of the Centre are - the promotion of research in social sciences, the imparting of training in research methodology to those aspiring to undertake research and the exposure of young social scientists and researchers to the benefit of the expert knowledge of specialists not only from the western region but also from the rest of India and abroad.

About Conference:

The conference has been organized to inform our participants about the National Education Policy (NEP) 2020. This landmark policy provides a holistic and flexible view to the Indian education system and is suited to nurture the capabilities of students, while being relevant to the trends of the 21st century. Not just learners, NEP 2020 also helps teachers to equip themselves with the skills, values, knowledge and dispositions, essential in training students to face any challenges of today's world. Participants will get an in-depth knowledge about the reforms to be brought under the policy and how it would bring a profound impact to the country's education system.
