

Internal Quality Assurance Cell

Organizes

12 days' Workshop on Research Methodology sponsored by ICSSR

- Dates: 27th June 2022 to 9th July 2022
- Platform: Zoom
- Participants: Teaching Staff of various colleges
- Number of Participants: 219 (149 – Female, 70 – Male)

E-Brochure of Workshop

Programme Schedule

Day 1:

- An Unavoidable Intervention in Academics.
- Introduction to Scientific Research and Problem Identification

Day 2:

- Research Design and Conceptual Framework
- Review of Literature and Research Gap

Day 3:

- How to Fulfill the Objectives with Methods and Techniques?
- Research Methodology – Primary and Secondary Data

Day 4:

- Quantitative Analysis
- Sampling and Sampling Sizes

Day 5:

- Probability and Non-Probability Sampling
- Formation and Types of Hypothesis

Day 6:

- Research Paper Writing
- Questionnaire Design

Day 7:

- Data Representation using Excel – I - Demonstration
- Data Representation using Excel – I – Hands On

Day 8:

- Advanced Analysis through SPSS
- Parametric Tests – One Sample and Two Sample t-Test

Day 9:

- Parametric Tests – ANOVA
- Scale Reliability and Principal Component Analysis

Day 10:

- Scientific Misconduct: Fabrication, Falsification, Plagiarism. Impact Factor & Matrices
- Citation

Day 11:

- Indexing Database - I
- Indexing Database - II

Day 12:

- Copyrights & Creative Common Licenses
- Research Methodology in Humanities
- Feedback and Valedictory Session.

INSTRUCTIONS:

- Registration is Free of Cost.
- Certificate will be provided to all participants who attends the Conference and fills up the feedback form.

MALAD KANDIVLI EDUCATION SOCIETY'S
NAGINDAS KHANDWALA COLLEGE
AUTONOMOUS
(AFFILIATED TO UNIVERSITY OF MUMBAI)
RE-ACCREDITED BY NAAC WITH "A" GRADE (3RD CYCLE)
ISO 9001:2015 CERTIFIED

Internal Quality Assurance Cell (IQAC)
organizes
**12 Days National Workshop on
Research Methodology**

Sponsored By
**WESTERN REGIONAL CENTER,
INDIAN COUNCIL OF SOCIAL
SCIENCE RESEARCH**

Mode: Online
Date: 27-06-2022 to 09-07-2022
Platform: Zoom

About College

Nagindas Khandwala College was established in July 1983 by the visionary and dedicated Malad Kandivli Education Society. The Society envisioned providing quality education and a world-class infrastructure for the students. The Society is committed to providing excellent education and shaping young minds to become responsible citizens of India. The College was conferred Autonomous Status by UGC from Academic Year 2016-17. The College is fourth under Arts, Science and Commerce Colleges to be autonomous under the University of Mumbai. The College offers twenty one (21) Undergraduate Programmes, fifteen (15) Post Graduate Programmes and has three (3) Research Centres. The College has Ph.D. Centres in Banking and Finance, Business Management and Geography. Nagindas Khandwala College has designed curriculum keeping the requirement of industry in mind. The College has a Memorandum of Understanding with two Universities in Canada, creating opportunity for the students to pursue their studies abroad. The College has an environment which encourages critical thinking, analytical reasoning and collaborative activities amongst students. The College conducts a wide variety of co-curricular and extra-curricular activities providing students an opportunity to display their talent and sharpen their organizing skills. The College believes in providing an inclusive atmosphere and encourages appreciation of all the cultures. Nagindas Khandwala College truly believes in providing holistic education and caters to the interest of all the stakeholders.

Learning Experience at Khandwala College:

About IQAC:

Internal Quality Assurance Cell established in year 2002-03 is considered as a mechanism to build and ensure a quality culture at the institutional level. IQAC develops and monitors the application of quality benchmarks, parameters for the various academic and administrative activities of the College. The IQAC is meant for planning, guiding and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the colleges. The IQAC channelizes and systematizes the efforts and measures of an institution towards academic excellence. It also works towards improving and maintaining the quality of education, identifying and suggesting new ways of using teaching aids, developing suitable infrastructure and offering suggestions for the new programmes.

IQAC ensures that all the activities are managed in an efficient and effective manner with internal coordination. IQAC conducts regular seminars, workshops and training programmes for the development of faculties. Further, it also measures the effectiveness of the training programme conducted. The IQAC thus becomes a driving force for ushering in quality by working out intervention strategies to remove deficiencies and enhance quality.

THE WRC ICSSR:

The Indian Council of Social Science Research, an autonomous organisation, was established by the Government of India in 1969, and, ever since, its role and functions have constantly been growing. The Council functions through a system of programme divisions at its headquarters in New Delhi and a network of six Regional Centres at Mumbai, Kolkata, Chandigarh, Hyderabad, New Delhi and Shillong. The Council has set up, in collaboration with respective state governments, six Regional Centres as part of its programme of decentralizing administration and broad-basing social science research. The Western Regional Centre was established with the approval of the Government of Maharashtra in January 1975 in collaboration with the University of Mumbai on the new campus of the University at Vidyanaagari.

It consists of three buildings a wing of the Jawaharlal Nehru Library (1976), the ICSSR Hostel building (1976) and the JP Naik Bhavan (1985). The ICSSR Conference Hall is located on the ground floor of the JP Naik Bhavan. The major objectives of the Centre are - the promotion of research in social sciences, the imparting of training in research methodology to those aspiring to undertake research and the exposure of young social scientists and researchers to the benefit of the expert knowledge of specialists not only from the western region but also from the rest of India and abroad.

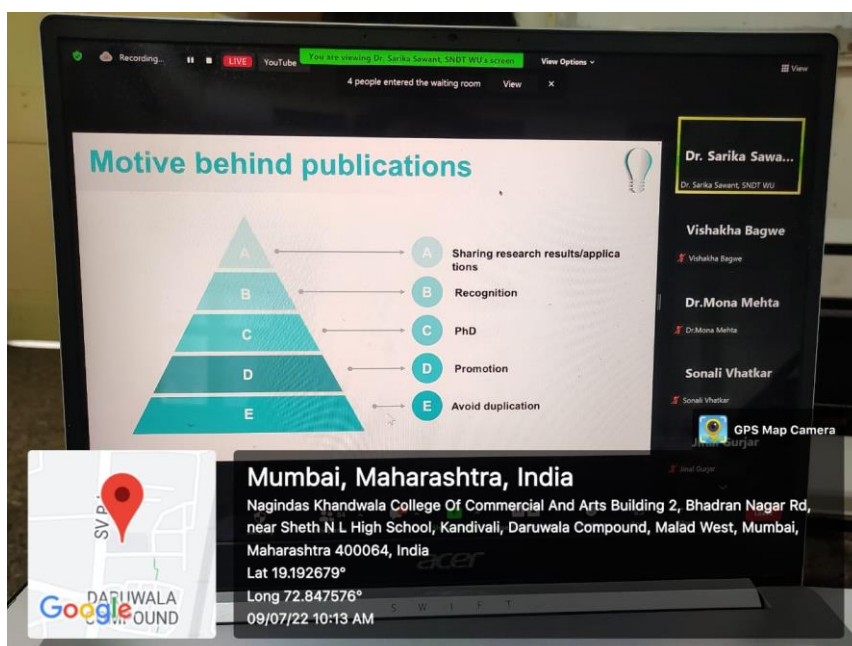

About Workshop:

Research is a structured acceptable scientific methodology to solve the social problems and create new knowledge that is generally applicable. Research is a process of collecting, analysing and interpreting information to answer questions for environment as well as human life. It is an investigation, examination, scrutiny of the process, methods, types, hypotheses procedures and design, which are the foundation pillars of the good research. It is a required for any research to use appropriate methods and tools for proper outcomes on different social issues. The study of research methodology gives the faculty research student the necessary training in gathering material and arranging or card-indexing them, participation in the field work when required, and also training in techniques for the collection of data appropriate to particular problems, in the use of statistics, questionnaires and controlled experimentation and in recording evidence, sorting it out and interpreting it. By using proper research methods, we can improve our outcomes that are beneficial and provides basis for further research. Research findings heavily contribute for policy formulation in different sectors. That is why knowledge of writing and conducting a good research for those who are aspiring to enter in to the research field, is essential.

Objective of Workshop:

1. Develop capacity for conceptualizing and writing research proposal.
2. Enhance skill to proper an appropriate research design.
3. Provide overview of contemporary research methodology
4. To help participants to choose the right methodology for their research.
5. To provide the platform for discussion on the methodological requirements of research.

Difference between Qualitative & Quantitative Design

Quantitative	Qualitative
Specific well structured, tested	Less specific, not more structured depth
Rigid, fixed predetermined, more accurate	Understands, explain findings, perceptions, attitudes.

Brings more clarity and distinction between design and method of data collection.
