The B Foundation organized the Cool Drink Distribution to Conductors and Bus Drivers on September 6, 2024, from 12:30 p.m to 1:30 p.m. at poisar depot and malad depot. The students distributed the energy drinks to the bus conductors and drivers who help us reach our destination quickly and daily. The sole purpose for distributing these drinks was to motivate and energize the drivers and conductors who work rigorously in this blistering heat. We thank them for their dedicated hardwork and commitement to make our journey comfortable, fast and safe.
