Coursera for Campus – 1

Coursera is the world's premier learning platform (or MOOC- Massive Open Online Courses). It brings online educational content from the best universities and industries in an easy-to-use online platform. During pandemic Khandwala College could envision a world where anyone, anywhere can get their life transformed by accessing the world's best learning experience.

College entered into an agreement with Coursera and we were allotted 5,000 licenses. That meant our 5,000 students could learn unlimited number of courses from Coursera free of cost. We are happy to say that our students took benefit of this arrangement. 4,189 students joined various courses and credits were allotted to those who successfully completed the courses. Credits were allotted on the basis of number of total learning hours of each student.

While learning on this international platform our students learned new skills which would help them prepare for a dream job, could refresh their education & keep the competitive edge, became better informed on a variety of topics, could access content from 160+ universities & 30+ industry partners and enjoyed to be part of a community of over 40+ million global. This in the period of pandemic situation is a big achievement for students and also for the College!

Coursera for Campus - 2

Completing Autonomy Credits (Second & Third year Classes)

Khandwala College was awarded 20,000 licences by Coursera under a second scheme of Coursera for Campus. Under this one student was allowed to register for one course free of cost. Students studying at Khandwala College, in second year or third year of any program, who did not complete additional 8 credits of autonomy, were given one more chance to complete the credits by completing any of the following free Coursera courses under the scheme 'Coursera for Campus'. Completing one course earned 2 credits and completing two courses earned 4 credits.

Courses offered were as follows:

1. Managerial Economics and Business Analysis Capstone, University of Illinois at Urbana-Champaign

2. Visionary leadership, identity & motivation: Become a meaning maker, Macquarie University

3. Presentations: Speaking so that People Listen, University of California, Irvine

4. Qualitative Research Methods, University of Amsterdam

No fees were payable for these courses when registered through Coursera for Campus.

The coordinator informed that in house departments of Khandwala College came forward and developed 4 courses for students. This was decided to be the last scheme of the academic year 2020-21 devised to help students to complete the autonomy credits.
