Khandwala Alumni Association

Nostalgia

So you never say no to a College Reunion, do you?

One such reunion happened on 25th February 2017, Nostalgia 2017. We always make plans to reunite with our friends but in today's fast paced life, it is kind of impossible to meet all our friends. Not all reunion plans are successful, but Nostalgia was definitely a blockbuster!

The students right from the batch of 1980 to 2016 were welcomed on the tune of dhamakedaar dhol. What's happier than meeting your friends and teachers after a very long time? Discussing how notorious we all were and the tough time we gave to our teachers. Meeting the teachers and sharing a completely different relationship today makes it all the more special.

The hosts for the event Vishal Prabhu and Pratik Parekh set the stage on fire with their amazing chemistry and introduced the program to the attendees. Principal Dr.(Mrs.) Ancy Jose as always engrossed the alumni with her sweet and nostalgic words. We are grateful to Principal Madam for making the Association active and bringing the alumni in such close proximity with its Alma mater. She also felicitated the show stopper of Nostalgia 2017, a proud and famous alumnus Mr. Nilesh Thakkar who shared his story of how the college stage is where he started his career and how his friend enrolled his name for the Annual Day singing competition and from there onwards how he won every singing completion for the next 5 years which gave him the idea of taking singing as a profession. This is how N.K. College grooms and makes you world ready with their overall training curriculum.

The secretary, Capt. Chintan Bhatia was happy to announce that the Alumni Association is pledging Rs. 1,00,000/- for sponsoring one student every year on behalf of the Alumni Association, "This amount is accumulated by transferring a portion of the Alumni Membership fees towards this noble cause" he emphasised, additional to this, the 2nd Scholarship fund was also established by the founder members of the KAA, Capt. This quote by Mahatma Gandhi is the eternal mantra of team YOUTH WITH VISION.

Following this thought we ventured into the social initiative last year in May 2017.

After ten months of diligent service since May 2017 the team wished to pursue a new venture and take this initiative further ahead in the form of PROJECT PEHEL, a four day social camp at the village in order to closely scrutinize

BMS in Sports Management and Masters in Sports Management

The sports sphere has expanded its boundaries with the rising popularity and success of leagues such as the Indian Premier League (IPL) in Cricket, the Indian Super League (ISL) in Football, Hockey India League, Pro Kabaddi League, etc. IPL as a brand has become nearly five times its value and generated employment opportunities for more than 15,000

as well as practical experiences. Thorough practical training, internships and placements, diverse opportunities were offered by NKC in collaboration with NASM Academy of Sports Management (NASM) to students in various industries of Marketing, Advertising and Public Relations, Finance, Law, etc. related to Sports Industry.

people. Along with the existing leagues expanding, sports brands available in the country are also increasing.

Sports Management is gradually evolving in India. A study on Skill Gap in the sports sector, by National Skill Development Corporation (NSDC), found that by the year 2022, India is expected to see a massive deficit in human capital for the sports sector. This primarily includes sports managers and other leadership positions.

The industry needs skilled personnel like Sports Managers, who aside from the technical aspects, would also understand Sports Marketing, application of Law in sports, Sports Finance and more. Students learn through classroom sessions

We offer various courses like Masters/ Bachelors/ PG/Diploma (Sports Management) which offers an intensive, hands-on approach in obtaining the necessary skills to thrive in the sports world.

Practical experience will enable students to have a deeper understanding of the theoretical concepts they will learn in the classroom. We offer diverse opportunities to our students in the areas of Marketing, Advertising and Public Relations, Finance, Law, etc. related to Sports Industry. The actual work experience allows students to develop technical skills, confidence and a chance to network with professionals of the industry.

Sport teaches valuable life lessons- it prepares you for the tough times and teaches you how to celebrate the victories. Sport is for everyone and not just for the talented. Children have learned the skill of time-management through sports, they have grown more comfortable with their bodies and it has helped them gain better concentration in studies.

The positive impact that sport has – the joy while participating in sport, the ability to inculcate sporting values and soft-skills in their daily lives and the growth of confidence in their abilities. We believe that youth should be taught to play for play's sake and not for trophies as those are just by-products.

Students are encouraged to be a part of various local, national & international events. Practical Trainings help the students to achieve their goals faster and have competitive advantage. By the end of their courses, our students develop the right set of core competencies and communication

skills. The academy provides training on mega events such as Barclays Premier League, ICC World Cup Cricket, Indian Premier League, TATA Mumbai Marathon, Hockey India League,

Pro Kabaddi League, Champions Tennis League, Mumbai Mirror Girls Soccer League, Devils Circuit, Pinkathon, Juniorthon, Neon Run, Sports For All Championship, Reliance Foundation Youth Sports and many more...

We strongly encourage the students to pursue corporate internship as well NGO internship in the three years of their degree programme. Training & Placement Cell strives to get Internship programmes for students by the top corporates.

The last season has been a great experience for the students in the Indian Sports industry expanding its boundary to new heights owing largely due to the rising popularity of various leagues.

Sports industry offered multiple career opportunities for sports management professionals in areas such as Sports Administration, Sports Merchandising, Sports Media, Sports Marketing & Branding, Sports Federation, Sports Event Management, Sports Celebrity Management, Sports Medicine, Sports Tourism etc.

Doing things in a break-through manner with new concepts and thoughts is the need of the hour. As a result, the need for Qualified Sports Managers who not only possess high cadre technical skills but also have a comprehensive formal strategic understanding of management tools and techniques is at its peak.

Students also had a comprehensive experience of organizing competitive tournament Yuva Premier

League (YPL) season 2 which is an intercollegiate sports competition exclusively conceptualized and managed by the students. The sports festival include various sports competitions, thus encouraging the sporting talents of the students and also felicitating

NOSTALGIA 2020

Greetings from Khandwala Alumni Association,

KAA has successfully completed 13 strong years, and has been progressing year on year.

The alumni had set few targets for the association at last years get together. This year they gave a complete report on how they performed. This year the mission was to strengthen the alumni network and their focus was on the contributions from the alumni.

As always, there is never a year at the auditorium without the college humdrum and reunion buzz.

The alumni were welcomed by a melodious track by a choir of students from the Music Academy. The stage was already set for the evening. The program was inaugurated by a warm welcome by Dr. Ancy Jose, Principal, NK College and President, KAA. With tears in her eyes, she delivered a heart-felt thank you to all.

As always, our principal Dr. Ancy Jose, always has a ace card up her sleeve, she came up with a brilliant idea, where all the alumnus could get introduced to each other quickly. she started calling few students between performances to speak a few words about them selves, what they are doing and how they feel about coming back to the college and being a part of Nostalgia 2020. Followed it was, a speech by the Capt. Chintan Bhatia, Secretary, KAA, where he announced the achievements of the Alumni association in the past year and the vision for the coming year. Along with a very clear and focused agenda for this Alumni get together.

He also congratulated the Alumni to be able to raise additional Rs. 42000/- towards official prize money awards and thanked all the members who have contributed to this fund. The alumni association also established their 3rd registered award in the field of sports, by donation of Rs. 50000/-

He also announced a special award that will be officiated for "Best Speaker Award" which was founded by Ms. Filoni Kkanani by donating a sum of Rs. 25000/-, who has the vision for encouraging and motivating the students for hosting and presenting the college shows.

He also announced that the alumni need to give back to the college in 3 different forms:

1. Support the scholarships, which they have planned for 2 students, namely, Sports Excellence and Economically weak student. They have already raised funds for the same, however they would be happy to receive more, to support more students in the future.
2. Placements: Where alumni can connect the college / career development cell with their organisation to assist the placement of college students for either internships, article ships, part time or final year placements.
3. Guest Lectures: Capt. Bhatia thanked a lot of alumni who are currently visiting the college and devoting their time to share their learning and experience with the current students in different forms.
 - a. Guest lectures / Visiting Faculty / Mentoring are different methods of contribution on the educational front.

"With such options, each and every alumni will have a method to give back. Our duty at KAA, is to make more such options available in alignment with the needs of the college." said Capt. Chintan Bhatia. This was followed by an electrifying fashion show by the students of Kashida Fashion Institute. They surely set the stage on fire with their ravishing closet! Yet another feather in the cap for NK College, a fashion institute which is setup by an alumni. A surprise by our very own Professor Hanumanthrao, who was both an alumni and a teacher at our college, flew down from Delhi to attend Nostalgia 2020. The program ended with an evening of networking and conversations, over dinner. All in all, the program was a grand success, by the sheer numbers who have attended and the fact that all of the alumni now see a respectable alumni association and a strong relationship between the alumni and the college.

Capt. Chintan Bhatia
Secretary

STUDENTS' COUNCIL

The Students' Council of Nagindas Khandwala College made sure that their work doesn't stop though lockdown was announced. They kept pushing their limits and made sure that they continue their effort in hosting a number of events and activities for students while everyone was safe at home. The campus of the college was vacant but the virtual platforms were vibrant enough with series of activities, webinars, Inter-Collegiate competitions and fun sessions to keep the students active, motivated and to boost their morale.

With the help of digital platform and technology, we could successfully conduct 32 different activities, reaching out to the student's fraternity from colleges across Mumbai.

We had fun physical exercise sessions of Zumba and Yoga in the month of June, which lit up our dreary, lazy days at home and instilled in us a motivation to do it daily in our life to stay healthy. We also organized webinars on 'MBA as a Career Option' and 'Rainwater Harvesting'.

On 21st July 2020, the Council celebrated the '38th Founder's Day' of our beloved institution, which was a heart touching event. The alumni were delighted to participate on this occasion. Under the 'Ek Bharat Shreshtha Bharat Scheme', a workshop on Odissi and a talk on the 'Rath Yatra' of Odisha were organized.

In the month of August, 'Friendship Day' was celebrated by conducting various fun-filled activities on a virtual platform. An Intra College elocution competition was also conducted to challenge our student's skills in oratory. 'Vishwa Gujarati Bhasha Diwas' was celebrated in association with Gujarati Sahitya Mandal. The month of August ended with 'S.C.O.U.T', a two-day Virtual Sports Competition, organized to mark our country's 'National Sports Day'.

The celebrations continued in September as 'Teacher's Day' was celebrated virtually with utmost zeal. A Poster making competition was organised on 16th September 2020, to mark 'World Ozone Day'. 'Hindi Diwas' was celebrated in which the students got to know about the importance of our national language.

In the month of November, a webinar in association with WDC on 'Resolving Interpersonal Conflicts and Mastering Conflict Strategies' and a webinar on the '#EcoBrickChallenge' were organised.

LETTER FROM THE SECRETARY

I understand that the ongoing COVID-19 situation is an unprecedented challenge for everyone, both personally and professionally. My heart and thoughts go out to KAA members, my colleagues, and families and any one infected with the virus.

The impact of COVID-19 is forcing organizations from all fields and industries to reconsider their all important events in 2020, and ours is no exception. I am overwhelmed by the unquestionable strength and character of our professors and teachers.

On behalf of the KAA members, we thank each and every teacher and non-teaching staff to be working in this difficult times and for upgrading themselves to cope up with the new methods of teaching

I request all the members and students, to personally send a thank you message, as messages of gratitude, acts of generosity and words of encouragement are powerful affirmations for our teaching staff.

So much has changed in a short period of time – the world around us, our neighborhoods, gathering spaces, the places we work and call home.

Personally, being a part of Air India, I was bestowed with the opportunity of being a part of the Vande Bharat Mission, to bring back Indian from across the world. When the world was in lockdown, In March 2020, we transported Healthcare material like masks, ventilators, etc. Then the worlds biggest repatriation operation was commenced by India, and till date we have brought back more than 67 Lakh Indians from across the globe.

Life in the midst of COVID-19 has sparked fear, frustration and anxiety all around. It is easy for distractions, criticism and stress to creep in, but now, more than ever, we must focus all of our energy on defeating this pandemic and the challenges associated with it. Nothing is more important than ensuring the health and safety of our citizens, the community and our workforce.

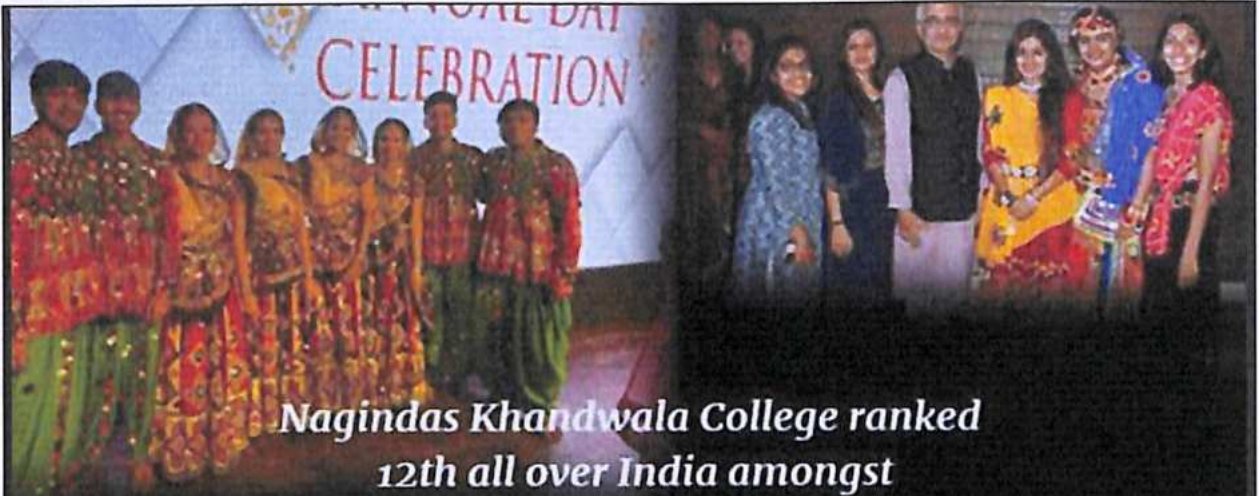

Moments like this, reminds us that we're all connected. We're called upon to be our best selves, with patience, understanding and compassion.

On behalf of the KAA team, wish you well.
