

**Department of Computer and Information Science**

**Date of Event: 19/7/2023**

**Time: 9:30 – 10:30 am**

**Venue: C Wing 502**

**Title: Fundamentals of Software Testing**

**Resource Person: Mr. Vasudeo N. Kesarkar**

The focus of the lesson is on comprehending the principles and goals of software testing, an activity that looks to assess the value of software while also looking for ways to make it better by finding flaws. Although software testing tries to accomplish its goals, there are some restrictions. But effective testing is only possible with adherence to the predetermined objectives.
