GREEN CLUB

Organizes

Poster Making on Ban Usage of Plastic

Date: 12th August 2024

Venue: College Campus

No of Participants: 99

Description:

Nagindas Khandwala College's Green Club organizes Poster Making. The staggering amount of plastic waste generated daily has devastating consequences on our environment, from choking marine life to polluting soil and water. By making conscious choices to reduce, reuse, and recycle plastic, we can significantly mitigate this crisis. Simple actions like carrying reusable bags, refusing single-use plastics, and supporting plastic-free businesses can collectively lead to a substantial reduction in plastic waste. As we strive for a cleaner Earth, every small step counts, and cutting down on plastic use is a crucial move towards a more sustainable future.

Brochure

#BANPLASTICOSAGE

THE PROBLEM WITH PLASTIC

Plastic pollution is a major environmental issue, with millions of tons entering our oceans each year, harming marine life and ecosystems.

CUT PLASTIC, CLEAN EARTH

SIMPLE SWAPS

Make small changes to reduce plastic use: switch to reusable bags, bottles, and containers. Every bit helps!

COMMUNITY ACTION

Join local clean-up events, support plastic bans, and advocate for corporate responsibility. Together, we can make a big impact.

 #nkgreenclub

Join the movement to reduce plastic waste.
Share this infographic to inspire others.
