#### Distribution/Confidentiality/Rights of ownership/Limitations/Responsibilities

This report is sent to the certification body or bodies, the members of the audit team and the audit representative of the organisation. All documents (such as this report) regarding the certification procedure are treated confidentially by the audit team and the certification body. This audit report remains the property of the certification body.

An audit is a procedure based on the principle of random sampling and cannot cover each detail of the management system. Therefore nonconformities of weaknesses may still exist which were not expressly mentioned by the auditors in the final meeting or in the audit report.

The responsibility for continuous effective operation of the management system always rests solely with the audited and certified organisation.

#### Salvo clause

The audit report will be left to the organisation at the end of the audit - subject to approval by the certification body. The independent release process may cause modifications or additions. In these cases a modified revision will be sent to the audited organisation.

### Conclusion

Taking into account the size and structure of the organisation, the products/services supplied and the process used, the organisation has basically demonstrated that it operates its management system in order to ensure fulfilment of its own requirements, the requirements of its customers and the relevant legal requirements.

This includes in particular:

- The policies from 30.07.16, objectives and their implementation in the organisation
- The processes which exist in the management system and their interaction
- The management system documentation
- The recording system
- The resource management
- The measuring and analysis (management review from 15.03.21, audit planning from 12.02.21, audit report(s) from 27.02.21 and examples for indicators)
- The continual improvement process

also the implementation and the effectiveness of the management system and the processes for providing services/production/product realisation were assessed by the audit team by means of on-site inspection and examination of documents on a random sample basis.

Nonconformities, observations and the potential for improvement are described in the "Detailed Results" section.

#### Notes for the detailed results

The evaluation of the audit results basically follows the scheme shown below:

Stage	Classification	Meaning
NC A	Major Nonconformity (Nonconformity A)	Nonconformities could be classified as major in the following circumstances: <ul style="list-style-type: none"><li>• if there is a significant doubt that effective process control is in place, or that products or services will meet specified requirements;</li><li>• a number of minor nonconformities associated with the same requirement or issue could demonstrate a systemic failure and thus constitute a major nonconformity</li></ul>
NC B	Minor Nonconformity (Nonconformity B)	Nonconformities could be classified as minor, if these do not affect the capability of the management system to achieve the intended results
PI	Potential for improvement	Items which would allow optimisation of the management system in relation to the requirements of the relevant standard. It is recommended that the company implements these items.
GP	Positive aspects/ Good Practice	Positive aspects of the management system worthy of special mention (see also point 4.3 if applicable)
CM	Comments	Special situation and information to be traced in next audit.

Follow-up action(\*):

NC A: Action plan with follow-up Audit or action plan and submission of documents

NC B: Action plan and if necessary submission of documents.
