Venue: Online

No. of Participants:73

Description

Crest Envisage was an online logo designing competition where creativity met strategic thinking. Participants had to design a logo that not only looked visually appealing but also conveyed the essence of a brand or concept. Through this event, they explored the fundamental principles of branding, symbolism, color psychology, and digital illustration. It was an opportunity for them to step into the shoes of a brand designer and learn how visual identity shapes perception. The learning takeaway was an improved grasp of design software, creative branding, and visual communication.
