TEMPLATE TRANSFORMATION

Date: 23rd August, 2024

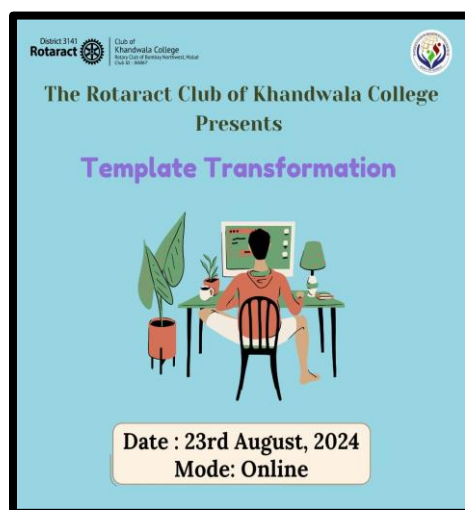

Venue: Online

No. of Participants: 44

Description

In Template Transformation, participants were given a standard design template which they had to completely transform into a new theme using their creativity. This tested their adaptability and ability to break creative boundaries while working with constraints. The challenge encouraged participants to reimagine and reconstruct an existing structure into something visually and contextually new. The event nurtured problem-solving through design, innovation under restriction, and advanced layout manipulation skills—critical for any aspiring content creator or digital designer.
