Date: 12<sup>th</sup> September,2024

Venue: Juhu Beach No. of Participants: 12

**Description** 

In this initiative, conducted with ASBB after the Ganpati festival, volunteers came together at Juhu Beach to restore its beauty. The air was charged with purpose as participants picked up waste and debris left behind from the festivities. They worked with a sense of camaraderie, making a visible difference as the shoreline was cleared. Probable moments included moments of reflection about environmental conservation and the impact of human activity. The volunteers felt proud and satisfied, knowing their efforts contributed to preserving marine life and a cleaner city. The initiative inspired a deeper respect for nature and a stronger commitment to sustainable habits.
