On the 6th of September, students of NKare came together once again to prepare for one of their events. This time, it was them being generous towards the children of the NL School right beside their college

Surrounded by dozens of books and pencil boxes, along with other stationary like scales, crayons, erasers, sharpeners; they did their best to form nearly 250 such stationary kits.

On the 12th of September, students of NKare along with their respected teachers conducted the distribution of kits which were prepared. Every child got a little colorful carry bag which contained the kit. The teachers allowed the students involved to distribute after they initiated it in every classroom
